Three of the American victims were taken from street cars and killed on the streets, while the fourth was killed in the Young Men's Christian Association building by members of the baseball team to which he belonged, according to El Democra, which made its reappearance today. The information as to the massacre of Americans is not confirmed from any other source and is considered doubtful in many quarters.

The refugees arriving here bring word of intense anti-American feeling in all directions.

The fifty rifles were hidden and Nelson O'Shaughnessy took a receipt for the rifles and machine guns confiscated.

#### PACIFIC FLEET INSTRUCTED TO SAVE AMERICAN CONSULS

WASHINGTON, April 25.—Secretary Daniels has instructed Admiral Badger at Vera Cruz to issue a proclamation informing all Mexicans in that vicinity that they are free to go and come as they please. This, it is hoped, would induce General Huerta to permit Americans to leave Mexico City, where they have been detained in consequence of the report that the Mexicans were not permitted to leave Vera Cruz.

#### FIGHTING BETWEEN REBELS AND FEDERALS AT TAMPICO

Vera Cruz, April 25.—Fighting between the Mexican federal troops and the constitutionalists was in progress at Tampico last night, according to a report received by Admiral Badger from the British Legation.

## ULSTERMEN ARMED FOR WAR WITH ENGLAND

Forty Thousand Rifles Smuggled Into Ireland from Germany Last Night with Half Millions of Shells.

#### 200 AUTOMOBILES DISTRIBUTE ARMS

Volunteers Are Mobilized Last Night with Announced Intention to Equip Themselves for Battle.

(By Leased Wire to Evening Herald.)

BELFAST, Ireland, April 25.—A consignment of about 46,000 rifles and half a million pounds of ammunition was landed at selected points on the coast of Ulster during the night and distributed by means of 200 automobiles to the various headquarters of the Ulster "volunteers."

The Ulstermen, who declare themselves determined to offer armed resistance to the introduction of home rule, were mobilized last night and guarded the shipping lanes and the roads utilized in the distribution of the arms had been completed.

The police were powerless to interfere and all communications were interrupted.

#### CABINET STIRRED BY GUN-BUNNING EXPLOIT

LONDON, April 25.—The gun-balling exploit of the Ulster volunteers stirred the British cabinet into sudden activity today. Premier Asquith, who was on the way to his country residence for the week end, was stopped by telegraph and returned to London immediately. On his arrival he conferred with Augustin Birrell, chief secretary to the Treasury, and called a meeting of the cabinet. Major General Sir Cedric Moresby of the War Office participated in the conference.

James H. Paxton of Lake Crucis was elected chairman of the committee to succeed A. B. B. Gladstone, who resigned on his appointment as United States marshal for New Mexico.

Adolph P. Hill, assistant secretary of state, was chosen secretary of the War Office, and George H. Hunter of Las Vegas was chosen treasurer. All elections were by unanimous vote.

The resolutions, read by O. S. Morton of Albionshire, endorsed President Wilson's policy in the Mexican situation, with regard to the case of the gun runners, and his attitude toward the naval blockade.

The resolutions were adopted by unanimous vote.

Considerable time was occupied in reading the various statements, and then fixing Albuquerque as the place for the convention the date was left in the chairman and secretary. There were conservatives few proxies and reports from all parts of the state pointed to growing Democratic strength and confidence in the party. It was decided that the rank and file of voters that will be most likely to give for the congressman and a Democratic majority sent to the house of representatives.

At the close of the meeting Governor McDonald spoke at some length on the political situation and on organization of state administration.

The resolutions, read by O. S. Morton, and that of salaries of county officers, were second in importance.

His acre attitude on taxation had already been made plain in his speech, and he emphasized state taxes and his present position on the importance of state taxes.

The resolution on the proposed legislation which would place county salaries on a reasonable basis with consideration of the service performed and which would end the paying of large salaries to men who employ cheap dependents was approved.

Mr. McDonald also spoke on the trouble in the courts, offense, the government or said, came from this system.

The governor declared that if the party went before the people with a clear platform all these bodies in session at the polls was assured.

They had not heard what had become of the party which started from Durango with Consul Hamm, but thought the necessity of repairing the railroad might account for the delay.

#### DEMONSTRATION AGAINST AMERICANS AT MAZATLAN

Washington, April 25.—Admiral Howard reports from the west coast of Mexico that the German consul at Mazatlan is extending his friendly offices to get the steamer City of Sydney to take away all foreigners at Mazatlan. The majority were Americans. Tomorrow 1,500 refugees are due on the steamer Espanola, from both Vera Cruz and Tampico.

## ALBUQUERQUE LANDS THE NEXT DEMOCRATIC CONVENTION

State Central Committee in Santa Fe This Morning Elects James H. Paxton as Chairman.

#### GOVERNOR URGES CLEAR CUT CAMPAIGN ISSUE

Every County in State Represented at Enthusiastic Meeting; Resolutions Heartily Endore Wilson Policies.

(Special Dispatch to Evening Herald.)

WASHINGTON, April 25.—At an enthusiastic meeting of the Democratic state committee held in the capitol this morning Albuquerque was selected as the meeting place for the next Democratic state convention which will nominate a candidate for congress candidate for state corporation commissioner and launch the Democratic campaign for the lower house of the legislature.

Features of the meeting were the representation of every county in the state, enthusiasm of the members, and the unanimous endorsement of Democratic success in New Mexico in the next, hearty resolutions of endorsement for the administration of President Wilson and a rousing speech by Governor McDonald at the close of the session in which the governor predicted sweeping Democratic success in the state if the party goes forward with a clear cut platform on the taxation and county salaried questions.

White House officials pointed to the general denial issued a few days ago of the story that Secretary Bryan would resign, saying that statement was sufficient to cover all rumors of cabinet dissension.

The subject of my resignation has never been discussed with anybody nor thought of by me,"

White House officials pointed to the general denial issued a few days ago of the story that Secretary Bryan would resign, saying that statement was sufficient to cover all rumors of cabinet dissension.

Outside of the White House there has been considerable discussion of the individual views known to be held by members of the cabinet on the present situation. None of these is said to be serious or approaching finality, but there have been natural differences of opinion as to what aggressive measures would be pursued.

The president himself, it is said, has invited the widest range of suggestion from his advisers and has steered a middle course between those who believe a quick and violent policy is best and those who believe war can be best averted by patient observation and carefully deliberated action.

All the cabinet secretaries denied that there is any serious division in it. It is difficult to understand in no case has Secretary Bryan declared his tariff and currency measures, and in fact the whole course of the administration, a hearty endorsement was given to the administration of Governor McDonald.

The resolutions were adopted by unanimous vote.
